

TECHNICAL DATA SHEET

1. TRADE NAME: VESPOKIL

Food based liquid for the monitoring of wasps.

Food based liquid to be used inside monitoring devices for the IPM application complying with UNI EN 16636:2015 Regulation, that must be applied to control regularly the pests' presence in a specific place for a defined time.

2. PRODUCT CODE: P-01011DIN

3. PICTURE:

4. TECHNICAL SPECIFICATIONS:

The above-mentioned article must be used inside a trap for wasps. We suggest its use inside Mela trap (P-04025IN).

It is composed of:

- Water
- Sugar
- Ethyl Alcohol
- Apple vinegar
- Sodium glutamate
- Flavours
- E122 dye

Measures: 70 x 170 (h) mm; bottle of 500 ml.

Colour: As in the picture

TECHNICAL DATA SHEET

5. HOW TO USE:

Place Vespokil in the following places:

Terraces, roofs, orchards, gardens, greengrocers, factories processing or storing fruits, vegetables, meat, beer, wine, alcohol and fermentable sugars in general.

Pour 250 ml of Vespokil (half bottle) inside Mela Trap (P-04025IN) and dilute with 250 ml of water. In case the product is used in other traps, maintain a 1:1 dilution with water. Place the trap at 1,5 m height, easily controllable, protected from the sun (for example, under the trees) and put it in the air flow.

The wasps and fruit flies attraction is made by the special odour coming from the trap once the liquid has been poured.

We suggest the use of gloves every time the liquid is handled.

Suggested monitoring period: from February to October, according to the season temperature.

Suggested frequency of the controls: Control the trap every 7 days to check the quantity of caught wasps and fruit flies. In case the trap is full of insects or dry (evaporated liquid), or after 2 weeks, change the liquid.

Storage conditions: in a cool and dry room, temperature below 25°C and R.H. below 55%.
If well stored (intact packaging), the product shelf life is 3 years.

6. PACKAGING AND SPARE PARTS:

- 6 pieces of 500 ml (sales units);
- Pallet: 480 pcs/pallet; 80 cases/pallet; pallet: 80 x 120 x 150 cm (h).

7. DISPOSAL CONSIDERATIONS:

Waste disposal should be in accordance with existing Community, National and local regulations.
